

# TALABI ENIOLA SOLOMON

Lagos, Nigeria | +2347026121089  
eniola.talabi@aol.com | talabiverse.vercel.app

## PERSONAL PROFILE

---

Results-driven MERN Stack Developer with expertise in building scalable, high-performance applications. Skilled in ReactJS, NodeJS, ExpressJS, and MongoDB, with a deep understanding of RESTful APIs, database management, and state management. I am an expert at crafting efficient, reusable components and optimizing backend logic for seamless user experiences. Passionate about solving complex challenges, enhancing performance, and delivering robust full-stack solutions.

## WORK EXPERIENCE

---

### HNG 12 Internship.

Jan 2025 till present

Fullstack Developer.

Nigeria

- Developed a Language Translator and Summarizer using the Google Chrome AI Summarizer API, enhancing content processing and accessibility.
- Designed and deployed a FastAPI application with a CI/CD pipeline, automating deployment and improving system reliability.
- Built scalable RESTful APIs with NodeJS, ExpressJS, and MongoDB, optimizing response times by 40%.
- Collaborated in an Agile team, actively participating in sprints, daily stand-ups, and iterative development cycles to deliver high-quality software solutions.

### SAIL Innovation Lab.

Feb 2023 – Sept 2023

Frontend Developer.

Nigeria

- Developed and optimized web applications for young learners, enhancing accessibility and usability.
- Implemented responsive UI components using ReactJS and TailwindCSS, improving user experience by 30%.
- Integrated authentication systems using the MERN stack (MongoDB, ExpressJS, ReactJS, NodeJS) for secure user access.
- Collaborated with backend engineers to integrate APIs, ensuring seamless data flow and system efficiency.

## KEY ACHIEVEMENT

---

- Kidshive Development: Played a pivotal role in creating Kidshive, an educational platform currently utilized at SAIL Innovation Lab to instruct young developers aged 7-13, with plans to extend its reach to additional tech institutions.
- TechWiz Participation: Actively participated in Aptech's TechWiz 2023, a global IT competition that challenges participants to develop innovative solutions across various categories.
- Optimized Application Performance: Enhanced application load times by implementing code optimizations and efficient asset management strategies, resulting in improved user experiences.

TECHNICAL SKILLS

---

- Programming Languages: JavaScript, TypeScript, Java, HTML, CSS
- Frontend Technologies: ReactJS, AngularJS, TailwindCSS
- Backend Technologies: NodeJS, ExpressJS
- Databases: MongoDB, SQL
- Version Control & Collaboration: Git, GitHub
- Deployment & Hosting: Managing deployments with Vercel, Render and Netlify

SKILLS AND COMPETENCE

---

- Code Optimization & Performance Tuning – Writing efficient, scalable code for improved application performance.
- API Development & Integration
- Basic Deployment & Automation – Setting up and managing application deployments efficiently
- Responsive & Accessible Web Design – Creating visually appealing and user-friendly interfaces.
- Agile Development & Collaboration
- DevOps & Deployment Strategies.

SOFT SKILLS

---

- Strong problem-solving and analytical thinking
- Excellent teamwork and communication skills
- Adaptability and willingness to learn new technologies
- Ability to work under pressure and meet deadlines

EDUCATION

---

Bachelor of Science (B.Sc.) - Business Administration. <i>Lagos State University.</i>	December 2023
Higher National Diploma (H.N.D) - Banking and Finance. <i>Lagos State Polytechnic.</i>	August 2019

CERTIFICATION

---

- |   |               |
|---|---------------|
| • Aptech – Software Engineering           | March 2026    |
| • Nigerian Institute of Management - MNIM | November 2024 |
